

Northville Downtown Development Authority  
Comparison Maps - Multiple Variables

This style of mapping compares multiple variables at once and can be exceptionally useful. It does, however, require a bit of logic and study with the legend, as it's not as intuitive as the heat maps.

Sum of Hours from Both Days

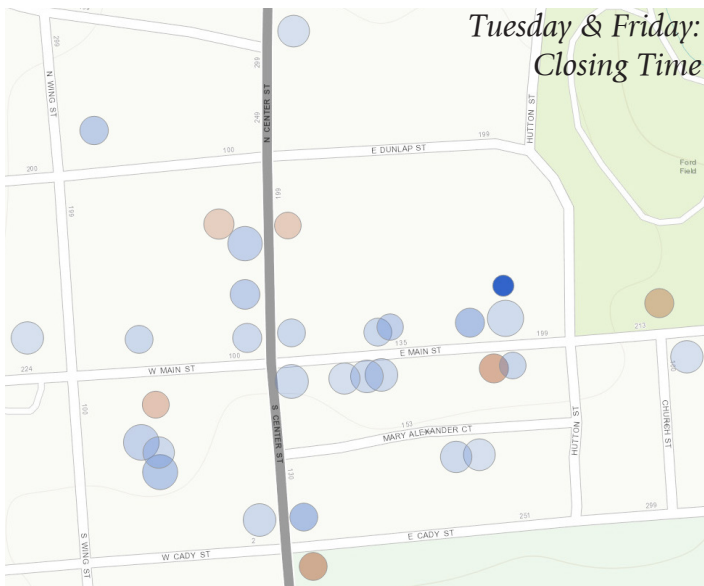

Greater Hours      Less Hours

Strength of Predominant Variable

Less Transparent: Stronger  
More Transparent: Weaker

● Wednesday Variable  
● Saturday Variable

● Tuesday Variable  
● Friday Variable

● Saturday Variable  
● Sunday Variable
